Add a logo to a Ticket Receipt form using .RDLC (OPOS) receipts.

Summary:

Add a logo to a Ticket Receipt form using .RDLC (OPOS) receipts.

Solution:

- Install the applicable OPOS printer driver (PSP launcher) using the directions listed here. (under Device Management Framework / Lan or Wan)
- In **Setup/POS/Devices** add the logo image file to the Header section for the printer.
- In **Setup / POS / Form Groups** select the Tickets form group.
- Select the .RDLC form in use, and select **Form Editor**.
- Under **Controls** on the left, click and drag the Bitmap File to the desired location on the receipt.
- Under **Control** on the right, under Image/Image select the .bmp image/location.
- Save the form changes. Save the form Group. Restart CPSQL.

Suggested .bmp image format:
Resolution DPI as 72
Units = Pixels
Color = Black & White
Width - 269   Height - 147
