Maximum of 5 labels will print

Summary:

Only five NiceLabels will print at a time, even when a larger quantity is specified.

Cause:

The NiceLabel demo version limits printed labels to five at a time.

The Print Engine for NiceLabel, installed with the clientsetup.exe, has been overwritten by the demo version of the NiceLabel
drivers.

Solution:

The workstation setup program, **clientsetup.exe**, needs to be run to update the NiceLabel drivers.
