- This store ID:** A text input field with a search icon.
- S user defaults to:** A dropdown menu with "None" selected.
- Location group:** A text input field with a search icon.
- This site ID:** A dropdown menu with "None" selected.
- Restrict site ID:** A checkbox that is checked.
- Domain path:** A text input field.
- late item number:** A text input field with a search icon.
- uplicate customer #:** A text input field with a search icon.
- Item lookup shows:** A dropdown menu with "Item and Inventory" selected.
- Item numbers:** A text input field.
- Items default to:** A dropdown menu with "Primary/Hub d" selected.
- Button menu style:** A dropdown menu with "Gel" selected.

Cause:

Font size selected for the CPSQL user is too large.

Solution:

- In **Setup / System / User Preferences / User Interface** select a smaller font size.

-or-

- In Windows, change to a smaller font size in the **Control Panel / Display Properties**. The suggested DPI is 96 for non-Citrix environments (Control Panel / Display Properties / Settings / Advanced*).

*This path may vary depending on the Operating System.
