# How to add the P2PE MSR device on the XR7

## Summary:

How to setup the P2PE MSR on the XR7

## Solution:

In Setup / POS / Devices, add the **Magtek MagneSafe MSR for NCR Secure Pay (P2PE).**

**Note:** XR7's with P2PE MSRs are not certified for us in a WAN (Terminal Services) Environment. Click here and go to the Certification Tab, for the most recent certification status. Non-P2PE msr's on the XR7 are certified for use over a WAN.
