

OPOS Receipts are slow to print in Legacy Framework. Printer pauses after each line.

Summary:

OPOS Receipts are slow to print in Legacy Framework. Printer pauses after each line.

Cause:

The OPOS printer is loading OPOS drivers after every line.

Solution:

- In **Setup / Point of Sale / Devices**, select the **Configure** button for the OPOS receipt printer.
- Select the **Stream Printing** checkbox on the POS Printer window.
