

Integration of Security Cameras with NCR Counterpoint.

Summary:

Is there any information or known 3rd party resources that can assist with Security Camera integration with NCR Counterpoint?

Cause:

No, See Below.

Solution:

Currently, we have no documented or certified process(es) and are unaware of any 3rd parties which support Security Camera integration for use with NCR Counterpoint.

While it might be possible to intercept and interrogate the serial data that would be directed toward the line display data from the line display, NCR has no information on configuration or setup for an add on feature such as this and there are no current plans for certification or support of this functionality in the future.
